MISSION

Support & Feed is an initiative created to help those in need during the COVID-19 crisis and beyond in three ways.

- Provide support for Los Angeles, New York, and Philadelphia plant-based restaurants who are suffering as a result of the current pandemic
- Provide support for vetted charitable organizations & marginalized groups who have been greatly impacted by the crisis such as children's charities, homeless & domestic abuse shelters, food banks, family & senior centers, first responders and hospital workers.
- To raise awareness and educate on the importance of a plant-based diet for the health of the planet and to influence programs that feed those in need to provide at least 50% plant-based meals.

If you would like to donate, please let your server know. Thank you for your support.
